You Can Save On Truck Load Orders

No packing charge.

Cheaper transportation rates.

Fast Service—overnight delivery at 400 mile distance.

Stock arrives at destination in excellent condition.

As a rule we can arrange transportation through local, reliable truckers at the following rates:

Van type truck hauling 5-7 tons—30c per mile one way.

Tandem axle van carrying from 15-18 tons—40-50c per mile one way. You can readily see the advantage of the Tandem axle van as the cost per plant is cheapest, and generally speaking nursery stock moved in these closed vans arrives at the destination in excellent shape.

To aid you in figuring out a truck load order the following weights are listed below:

Gallon can Stock	7 lbs. each
12-18" field grown plants	25 lbs. each
18-24" field grown plants	35 lbs. each
24-30" field grown plants	50 lbs. each
4-6" Lath Grown Azaleas	3 lbs. each
6-8" Lath Grown Azaleas	5 lbs. each
8-10" Lath Grown Azaleas	7 lbs. each
10-12" Lath Grown Azaleas	10 lbs. each
12-18" Lath Grown Azaleas	15 lbs. each
18-24" Lath Grown Azaleas	20 lbs. each

These weights are approximate and will vary slightly with moisture conditions.

Lining out stock can be shipped by railway Express or Motor Freight at feasible rates.

Canned and B&B stock should be moved by personal truck or chartered truck.

Liners are dug bareroot, packed in damp moss, and delivered to carrier of your choice at no extra charge.

All Azalea prices listed are based on plants being dug directly from our growing beds without burlap around the root ball and loaded uncrated upon customers truck at our nursery. If you would like root ball burlapped add 10% to list price.
